

Doing Business With Teck

Teck Trail Operations

JANUARY 2020

Teck

Teck Metals Ltd. Trail Operations represents one of the world's largest fully integrated zinc and lead smelting and refining complexes. In operation for more than a century, we are one of the largest employers in the West Kootenay region employing approximately 1,400 people.

Trail's metallurgical operations produce 18 metal and chemical products, as well as being a recycler of post-consumer waste. We are ISO certified and continue to work toward diversifying our portfolio of products through technical advancements and innovation. The Waneta Dam provides clean and renewable power to the metallurgical operations.

Teck is committed to supporting local communities and their sustainability through measures such as development programs, locally sourcing goods and services, and employing local people.

Safety is a core value of our company. We believe that all incidents that cause harm to people, environment and property are avoidable. We are committed to providing leadership and resources for managing safety and health with a goal of Everyone Going Home Safe and Healthy Every Day. We expect all employees and contractors to share in the responsibility for their own safety and that of their coworkers.

Requirements to Become a Qualified Contractor at Teck:

Once deemed a Qualified Contractor, the contractor will be considered for bidding on work offered by Teck. A Qualified Contractor has met all of Teck's requirements, including:

- Competency
- Environment
- Commercial
- Safety
- Insurance

When selecting contractors, preference will be given to those contractors that have a strong track record of completing jobs in a safe and environmentally acceptable manner, on schedule and on budget in a similar industrial environment.

All Teck policies and procedures must be followed by contractor personnel conducting work for Teck Trail Operations.

For more information on becoming a Qualified Contractor at Teck Trail Operations, please contact Vera Henry at TrailContractinquiries@teck.com.
